the DNC has not one mention on their website of Trump's horrors. No directives, nothing. This new group needs to come out of the closet and have some kind of DAILY communication - educating us about each incident, how it can affect us and a daily call to action. We will not put up with the wall of silence we have endured from the DNC for decades.

Recovery of the gov't - as Glenn Kirschner said on a Zoom call on Mon night - "thinking outside the box" - probably an off handed remark, but who knows??

Yes, I agree - it's all outrageous & crazy - but the long game has crumbs leading back to the Kremlin and beyond.

0:00 and welcome back to the dean Obeidallah Show

0:01 show right now very happy to welcome

0:03 back to show our friend Minnesota

0:04 Attorney General Keith Ellison before

0:06 that he served in Congress the first

0:07 Muslim American everle of the Congress

0:09 in back in 2006 AG lison nice to see you

0:13 my friend hey good to be with you very

0:15 important time for us to be talking man

0:17 thank you sure and you know you were on

0:19 last month and you touted the time Ken

0:22 Martin who was your Democratic State

0:24 chair who was running for DNC chair he

0:26 was just elected over the weekend I just

0:28 want to remind people a little cuz you

0:30 know him for many many years I don't

0:31 know him at all I hope to get him on the

4:07  
 I'm so excited the protest movement is  
 4:10  
 starting against musk and Trump they  
 4:15  
 were out in front of the front of usaid  
 4:17  
 today yep saying protesting that is  
 4:20  
 exactly what we got to do we need more  
 4:22  
 protests more places we need massive  
 4:25  
 outpouring and opposition we need the  
 4:28  
 people of America to say no way we don't  
 4:30  
 like fascism so that's what I think we  
 4:32  
 that's that's a good sign very sign good  
 4:34  
 sign I agree I and I mean that very much  
 4:37  
 speaking of musk you know there reports  
 4:39  
 over the weekend and it's confirmed now  
 4:41  
 that his doge people have gained access  
 4:44  
 to sensitive Treasury Department data  
 4:47  
 including Social Security checks tax  
 4:48  
 refunds Medicare benefits and all that  
 4:51  
 well and Liz Warren sent a letter saying  
 4:53  
 what are you going to do all this data  
 4:55  
 like to him and they want to know what's  
 4:56  
 going on we're not getting answers look  
 4:58  
 these are residents from your state I'm  
 4:59  
 sure they're having access to AGS have  
 5:02  
 any ability to potentially bring a  
 5:04

lawsuit against Elon Musk and Doge and  
 5:07  
 Trump Administration on this certainly  
 5:09  
 we do and but but here's the thing we  
 5:13  
 are we we we've had we filed law suits  
 5:15  
 we're going to file more um there there  
 5:18  
 are certain legal principles like like  
 5:20  
 like standing and rightness right you're  
 5:22  
 a lawyer so you know this stuff Dean and  
 5:25  
 so sometimes you know we've got to be  
 5:28  
 able to make make a case to a court that  
 5:31  
 there has been a concrete injury to our  
 5:34  
 state before we'll have standing right  
 5:37  
 and I know to the average activist is  
 5:39  
 like why that's BS of course he's are  
 5:41  
 damaging but if you want to stay in  
 5:44  
 court and you don't want to get your Cas  
 5:45  
 dis SMI you've gonna have to do that so  
 5:49  
 I I am mindful that some people want us  
 5:51  
 to move at a pace that that their  
 5:54  
 emotions are running at but what I'm  
 5:56  
 saying is yes the you can count on the  
 5:59  
 AGS to fight back and protect us but  
 6:02  
 don't leave it all up to them protest  
 6:05  
 yourself get out there send a message  
 6:08  
 don't just be a keyboard Warrior get a

6:10  
 sign call a friend have a meeting knock  
 6:13  
 some doors we need Grassroots Mass  
 6:16  
 meeting you know as you as you know very  
 6:18  
 well Dean you know I help lead the the  
 6:21  
 prosecution of the right of of the  
 6:24  
 officers who murdered George Floyd but  
 6:26  
 you know what got us the case you know  
 6:28  
 why things went well you know why we  
 6:30  
 were able to do that because there was  
 6:32  
 mass action in the street yeah of course  
 6:35  
 people didn't people don't understand  
 6:38  
 judges and lawyers are  
 6:41  
 people and if you a people will get out  
 6:44  
 there and raise your voice you can make  
 6:47  
 the courts understand that they've got  
 6:49  
 to operate according to Justice you know  
 6:53  
 and so I'll just say don't don't I mean  
 6:56  
 trust that dags are going to fight back  
 6:59  
 we are going to whether it's gender  
 7:01  
 affirming care the rights of of workers  
 7:04  
 in lrb abuses um all the federal  
 7:08  
 employees being rescheduled  
 7:10  
 environmental catastrophes we will do it  
 7:13  
 we are we're planning to do it we're  
 7:14

doing it we have to deal with things  
 7:16  
 like St standing and ripness we've got  
 7:19  
 to be able to identify cognizable causes  
 7:23  
 of action re violations of law that are  
 7:26  
 Beyond  
 7:28  
 speculative and that may not be at the  
 7:31  
 speed speed that you want but look at  
 7:32  
 but look at but trust us cuz look what  
 7:34  
 we've already done we've already gone in  
 7:36  
 and gotten injunction about him trying  
 7:38  
 to impound \$3 trillion do wor the public  
 7:40  
 money we've already got got an  
 7:42  
 injunction to stop him on this issue of  
 7:46  
 um of of Birthright citizenship and  
 7:48  
 we're gearing up to do more more more we  
 7:50  
 are we really are but I know you are but  
 7:54  
 I but I'm just like talking to your  
 7:55  
 audience but if you're at home thinking  
 7:57  
 why are the AGS doing more  
 8:01  
 great we're doing our best but can you  
 8:03  
 do more can you call your friends can  
 8:05  
 you start a group can you pull together  
 8:07  
 people at the local coffee shop in the  
 8:09  
 basement of your church M synagogue we  
 8:12  
 need mass action the people the people

8:15  
 have got to go into the street it can't  
 8:17  
 just stay a legal struggle and remember  
 8:19  
 you know the Civil Rights Movement is  
 8:21  
 instructive here you saw Mar you saw th  
 8:23  
 good Marshal in court arguing  
 8:25  
 segregation was wrong and he was in  
 8:26  
 there doing his thing but Martin Luther  
 8:29  
 King in the in the street movement got  
 8:32  
 into the street marching protesting  
 8:34  
 pushing the agenda don't think that this  
 8:38  
 battle will only be won in the halls of  
 8:40  
 Congress or in a courtroom or even in  
 8:44  
 The Ballot Box they got to be one all  
 8:46  
 three of those places but they also got  
 8:47  
 to be one in the street don't discount  
 8:50  
 your First Amendment right to freedom of  
 8:52  
 expression your constitutional right to  
 8:54  
 redress Grievances and petition your  
 8:56  
 government for change to freedom of  
 8:58  
 assembly freed freedom of of of of these  
 9:01  
 critical rights enshrined in the First  
 9:03  
 Amendment it is a First Amendment moment  
 9:06  
 and you got to make maximum use of it  
 9:08  
 just like you are right now Dean having  
 9:09

me on your show and sure well this is  
 9:12  
 easy and the harder work is either legal  
 9:14  
 work or going in the street I'm trying  
 9:15  
 with ag Keith Ellison AG Ellison is  
 9:18  
 there anything potentially like if I'm  
 9:20  
 not asking to say you're gonna do this  
 9:23  
 I'm saying is there a potential if musk  
 9:25  
 were to do something that affects the  
 9:26  
 residence of Minnesota is there a  
 9:28  
 potential for criminal action that  
 9:30  
 because invading this the Privacy I  
 9:33  
 don't know what the law would be to be  
 9:34  
 honest well you know what certainly  
 9:36  
 possibly right uh what I'll tell you is  
 9:39  
 that I haven't done the legal research  
 9:41  
 on a criminal charge I've done a lot on  
 9:44  
 on  
 9:45  
 civil but you know there are all kind of  
 9:48  
 laws uh governing how private data is  
 9:53  
 used how you can if you if you grab  
 9:56  
 somebody's data the wrong way in  
 9:58  
 violation of the law that can be a crime  
 10:00  
 and by the way who the hell is Elon Musk  
 10:03  
 other than a rich Punk who has a lot of  
 10:07  
 money because of government contracts

10:09  
and because of his family uh getting  
10:11  
involved in South African uh  
10:13  
exploitation of mines and stuff like  
10:15  
that and workers that's the only person  
10:18  
this guy this guy he's not been through  
10:22  
any confirmation  
10:24  
hearing he has not disclosed any  
10:26  
conflicts of interest he's not been  
10:28  
through the regular employment route how  
10:32  
where does he get the authority to say  
10:34  
get rid of usid or anything or how would  
10:38  
you know I'm G tell you you talking  
10:39  
about criminal action who gave him  
10:41  
access to that data yeah that could be  
10:45  
the basis of a violation of our criminal  
10:47  
statutes I'm telling you that there's a  
10:49  
your question is a good one let's start  
10:52  
digging into it uh but understand that  
10:54  
he dropped 200 but Trump dropped 200 EOS  
10:57  
in in the first few days  
10:59  
we are responding at the speed we are  
11:01  
able but there's a lot to respond to and  
11:05  
it helps a lot when people are in the  
11:08  
street denouncing this bad behavior it  
11:10

helps a lot and it helps a lot when you  
11:13  
write that this is wrong and this is not  
11:15  
normal and we cannot normalize it it  
11:17  
helps a lot when you make a song about  
11:19  
it I was listening to the the YouTube  
11:22  
the other day and there was this little  
11:25  
guy little white guy with a  
11:27  
guitar and this guy was smashing it man  
11:31  
I don't know if you've seen this guy I  
11:32  
love this guy maybe this guy it was kind  
11:36  
of a country bluesy thing and it was  
11:38  
about helping people understand why  
11:41  
there was so much outrage and why people  
11:45  
uh don't have a sympathetic response to  
11:47  
the murder of Brian Thompson right and  
11:50  
again I'm one who thinks that murder's  
11:52  
wrong I always will be but but I mean  
11:55  
people are saying you know he he was he  
11:57  
just wanted to help people understand  
11:59  
that you know these companies uh you're  
12:02  
paying your premiums they're denying  
12:04  
your claims you know you got loved ones  
12:06  
dying because of it and he made a song  
12:09  
about it and I don't know the guy's name  
12:12  
but it's like the but it's sort of a

12:13  
 it's sort of like a he kind of looks  
 12:15  
 like John melan Camp you know he kind of  
 12:18  
 looks like that may have seen it it  
 12:20  
 sound we we'd have to get Kendrick Lamar  
 12:22  
 to do something I mean he  
 12:23  
 just won all the awards here's the point  
 12:27  
 art hasal Ro here sure you know um you  
 12:32  
 know uh you know it art has a critical  
 12:35  
 role to play in this situation and you  
 12:39  
 know uh uh and and and we can't let  
 12:43  
 leave any we can't leave anything off  
 12:46  
 the table so there's so I got I found it  
 12:48  
 can I play it or no sure why not I we  
 12:52  
 can't see it but sure we can hear it you  
 12:53  
 got it you que it up here's AG Ellison  
 12:56  
 he's the DJ for the doob show now he's  
 13:00  
 hang on I could I'm going to I'm going  
 13:01  
 to just play a little music for y'all I  
 13:04  
 wish I could do it myself but uh but I  
 13:07  
 mean this this song and again we are Den  
 13:11  
 I am here by denouncing what Luigi did  
 13:13  
 to kill anybody I don't believe Attorney  
 13:16  
 General of course but but what I'm  
 13:18  
 saying is there is a there there's a  
 13:21

reaction that's that kind of reveals why  
 13:25  
 people are upset about this situation  
 13:28  
 and I want okay here we  
 13:38  
 [Music]  
 13:44  
 go it's hard to hear for the r it's  
 13:46  
 gonna be hard to hear for the radio but  
 13:48  
 you know what we'll get the song and  
 13:49  
 we'll play it um because I've seen that  
 13:52  
 guy I I'll get it no I appreciate what  
 13:53  
 you're saying the art the guy says there  
 13:55  
 ain't hardly there ain't no us there  
 13:57  
 ain't no you in United Hells there ain't  
 13:59  
 no we uh in the company there's hardly  
 14:02  
 any humans in humanity I mean the I mean  
 14:05  
 the guy is he's he's and he's talking  
 14:07  
 about the suffering people suffer  
 14:09  
 through he's not by the way he's not  
 14:11  
 saying that it's okay right I understand  
 14:14  
 the proceed the you know and and so  
 14:16  
 there we need popular again we don't  
 14:19  
 want anybody to lift up wrongdoings but  
 14:22  
 we do need people to talk about like  
 14:25  
 like um Marvin Gay you know uh like you  
 14:29  
 know we we we you know wrote mother  
 14:31  
 mother you know you know you know Mercy

14:33  
 Mercy Me you know and and and kend like  
 14:36  
 you said Kendrick Lamar many other  
 14:37  
 artists we need it all we need people in  
 14:40  
 the street protesting we need people  
 14:41  
 artists doing what they do we need  
 14:43  
 lawyers litigating we need broadcasters  
 14:45  
 like you broadcasting we got all our  
 14:48  
 things I think kri we're gonna I'm sorry  
 14:51  
 what's that Kendrick Lamar is more  
 14:52  
 focused on Drake than Trump we need him  
 14:55  
 to get focused on he needs to get his  
 14:56  
 priori straight right I know he really I  
 14:59  
 don't even follow that kind of music but  
 15:00  
 I know they're feuding nonstop in the  
 15:02  
 songs that he Wy last night if Drake  
 15:05  
 disappeared tomorrow it would not put a  
 15:08  
 meal in front of anybody right right if  
 15:11  
 Drake disappeared tomorrow and I don't  
 15:12  
 think Drake should disappear I'm not  
 15:14  
 calling for that I'm just say sudden if  
 15:16  
 suddenly they squash their beef it  
 15:19  
 doesn't change the fact that people  
 15:20  
 aren't getting health care that right  
 15:23  
 right now the United States spends less  
 15:25

than one tenth of 1% on its budget in  
 15:27  
 unit in in the US ID and Trump and musk  
 15:31  
 are trying to destroy that institution  
 15:33  
 which was established Visa a statute but  
 15:37  
 Trump is trying to is destroy through an  
 15:38  
 executive action that's illegal you  
 15:41  
 can't do that you know and why do you  
 15:43  
 think he's he's doing it is it just  
 15:46  
 budget cutting for justifying tax the  
 15:49  
 wealthy or do you think it's it's the  
 15:52  
 idea of not helping people he doesn't  
 15:53  
 want the US to play a role anymore in  
 15:55  
 helping people USA day helps a lot of  
 15:57  
 black and brown people I don't think he  
 15:59  
 most likes that I have to be honest with  
 16:00  
 you yeah I think straight up racist that  
 16:02  
 guy so so so walk with me for a second  
 16:06  
 so he starts out the gate hating on  
 16:09  
 immigrants y'all will remember the stuff  
 16:11  
 about Haitians eating cats and dogs  
 16:13  
 always a lie right he goes on how he  
 16:16  
 hates the trans people what are they  
 16:18  
 doing to anybody nothing they ain't  
 16:20  
 bother nobody then he goes on about Dei  
 16:23  
 and he says that Dei is why there's wild

16:26

flyers in LA and playe crashes

16:29

even though under uh Biden there were no

16:33

plane fatalities right and in his first

16:36

week there's several right um and so but

16:41

this is all God us all upset our blood

16:43

is up we're angry we're offended we

16:45

insulted

16:47

meanwhile he is impounding federal funds

16:51

he's putting an unelected unapp pointed

16:54

uh billionaire uh baby in charge of our

16:58

federal government

17:00

he's he is so so he's he's he knows how

17:03

to get us get our blood going right Dei
